Dear Ms. DeYoung,

I am writing regarding your Freedom of Information Act (FOIA) Request number 10-FOI-00316-12 received on July 5, 2012, regarding site file records for the Pasco Sanitary Landfill Superfund Site.

We have located the records responsive to your request regarding EPA's nomination of the Pasco Sanitary Landfill to the NPL. The NPL file includes the 1986 report titled "Final Report for Resource Recovery Corporation, Pasco, Washington," your request item #3, and copies of site investigations and sampling conducted between 1983 and 1986, which may answer your request item #1. We have also located the two records requested in your request items 2 and 4.

The responsive records are in paper format, approximately 600 pages. Before we make arrangements to photocopy these records, we want to ask if first you would like to schedule a time to do a file review of these records in the EPA Region 10 Superfund Record Center located at 1200 Sixth Avenue, Seattle, WA to confirm that you need all pages photocopied. At that time you could also determine if you need more information regarding your request item 1. I can help you schedule the file review appointment.

The FOIA fees accrued to date are \$84 for three hours of search and review at \$28 per hour. An additional \$90 will accrue for photocopy of 600 pages at \$.15 per page; any additional search and review time required will be charged at the \$28 per hour professional rate.

Please reply-all to this email to let us know if you would like to set up a time for a file review, or if we should make arrangements for the photocopy. Please feel free to contact me with any questions you may have. If we do not hear from you by Monday, August 6, 2012, we will assume you wish to receive the photocopies and will proceed..

Thank You, Noel
